

BENNYLIN

UI / MULTIMEDIA DESIGNER

Hi, I am a multimedia designer with about 3 year solid experience. Specialized in user interface design, graphic design, and Motion graphics.

I want to fully apply my creativity and ability for user-friendly digital products. The easy going personality and communication skills also help me work smoothly in any team.

Timeline

At Apollo

Apollo is a Hong Kong business app/website development company. My job there was designing UI for mobile apps and websites for clients. The 1st job strengthened me.

At PCCW

Act a character who work closely to assist the art director for digital product visions. Design UI for in house apps/ websites. Contribute in creative graphics for promotion purpose.

At CCinfo

I work as the chief in-house designer who contribute to the brand new looking and interface for tow mobile applications. One is HongKong Card , another is HongKong Loan.
